Welcome
Welcome to the Options PPO plan offered by Kaiser Foundation Health Plan of Washington Options, Inc. We are delighted to have you as a member and look forward to helping you live your healthiest life.

This guide is designed to help you understand your plan and how to access your care. It’s broken up into snapshots of the care you might receive: primary care, specialty care, urgent care, emergencies, hospitalization, and prescriptions. We’ve also outlined the valuable online services that give you more control of your health care than ever before, the extra member perks, additional plan information, and your rights and responsibilities as a member.

If you still have questions after you read this guide, please call Member Services for more information.

Network choices
The Options PPO plan offers you two levels of coverage: preferred providers and nonpreferred providers. Generally, the care you receive from preferred providers will be covered at a higher benefit level than care received by nonpreferred providers.

Preferred providers
Preferred providers include the many thousands who practice with Washington Permanente Medical Group, Virginia Mason, The Everett Clinic, First Choice Health Network, and First Health Network. Plus, you have access to a number of additional preferred providers. By choosing preferred providers, you get care at maximum savings.

Nonpreferred providers
You can see any other licensed provider you want, anywhere, for most covered services. However, your costs will be higher than if you choose care from preferred providers.

KAISER PERMANENTE CONVENIENCE
Kaiser Permanente owns medical facilities throughout the Puget Sound and Spokane. When you choose care at Kaiser Permanente medical offices, getting the most from your health plan becomes a lot easier. Your personal physician, the lab, radiology, and pharmacy are usually under one roof. So driving around town is now a thing of the past.
Identification card
You and each member of your family will soon receive an identification (ID) card with an individual member number. Have your ID card with you to make, cancel, or check appointments; order or pick up prescriptions; receive emergency care, or use the Consulting Nurse helpline. Call Member Services if any covered family member does not receive a card, if any information on the card is wrong, if it's lost or stolen, or if it needs to be replaced.

Benefit booklet
Your benefit booklet (also called a certificate of coverage) details your benefits and services, what is and isn’t covered, and information about cost shares, such as copays and coinsurance. If you have specific coverage questions about any benefits mentioned in this guide, your benefit booklet is a great resource.

Provider directory
There is an online provider directory that lists all the providers from Washington Permanente Medical Group, Virginia Mason, and The Everett Clinic that are available to you as an Options PPO plan member. For the most current directory information, check our online provider directory at kp.org/wa/provider-directory.

- To find providers in the regional First Choice Health network, visit fchn.com
- To find providers in the national First Health network, visit firsthealth.com
Step 1: Choose a personal physician
The first step in your plan to get or stay well is to select a personal physician. Choosing a personal physician is important because your doctor helps guide your total health care program. From arranging your laboratory tests, X-rays, and hospital care, to ordering prescriptions, referring you to certain specialists if necessary, physical therapy, and more, your doctor is your partner in keeping you in the best of health. And each member of your family can choose their own physician in order to start developing a personal wellness plan.

Preferred providers
To choose a preferred provider, do one of the following:

- Go online to:
  - kp.org/wa/provider-directory to select your physician online. You can see doctors from Washington Permanente Medical Group, Virginia Mason, and The Everett Clinic as well as other contracted providers.
  - virginiamason.org to see only Virginia Mason doctors.
  - everettclinic.com to see only doctors practicing at The Everett Clinic.
  - fchn.com to see doctors in the regional First Choice Health network.
  - firsthealth.com to see doctors in the national First Health network.
  - Call Kaiser Permanente Member Services for help in making a selection.

Nonpreferred providers
Select from any licensed provider anywhere in the U.S. (for covered services).
Step 2: Make an appointment

When you need medical care, making an appointment is easy once you have selected your personal physician. All you need to do is call your doctor’s office and make the request.

There are a few things to do to prepare for your visit. Write down any questions or concerns so you can be sure to remember them when the time comes. Be ready to describe your symptoms and bring the names of any medicine you’re taking. Also, remember to take your ID card with you.

When you’re with your doctor, remember to tell him or her about any treatment you are receiving from other doctors, and be sure you understand any medical instructions he or she gives you. If you have any questions, it’s a good idea to ask your doctor before you leave the office.

Step 3: Plan for your cost share

When it’s time for your appointment, be prepared to pay your cost share. Your portion may include a copayment, coinsurance, or your deductible. See your benefit booklet for your specific deductible and cost share amounts.
ALL ABOUT SPECIALTY CARE

Specialty care
Once you’ve found a specialist who you’d like to see, or one your primary care doctor has recommended to you, just call the doctor’s office and request an appointment. Keep in mind, you’ll have more coverage and your costs will be lower if you choose preferred providers.

Alternative care
You’re covered for alternative care, which includes acupuncture, chiropractic, and naturopathy services, based on your benefit level. (Check your benefit booklet for your specific coverage.)

Mental health and chemical dependency (Behavioral Health Access Services)
When you find a mental health or chemical dependency provider that you want to see, just call the provider’s office to schedule an appointment. If you want to see a provider with Kaiser Permanente’s Behavioral Access Services, please call toll-free 1-888-287-2680. Coverage may vary depending on your plan. Please check your benefit booklet.

Pediatric and teen health care
Children enrolled on your plan are covered for a wide range of services, including regular checkups and immunizations, and you can select a pediatrician as your child’s personal physician. Teen health care needs are unique, so young adults can schedule their own appointments and see a physician for all kinds of health and well-being issues. Call Member Services for more information.

There’s great teen health information on the Kaiser Permanente member website at kp.org/wa/teens. You’ll find tips for raising teens, healthy lifestyle information, and links to information about teen development, sexually transmitted diseases, and lots more—all geared toward being a healthy teenager.

Vision care
Most Options PPO plans include coverage for routine eye exams and standard lenses or contacts. Check your benefit booklet to see if you have contact lens and other vision hardware coverage. Kaiser Permanente offers vision services at 13 Kaiser Permanente Eye Care locations. For the nearest Eye Care location, call Member Services, or go online to kp.org/wa/eyecare.

Women’s health care
Women can self-refer for reproductive health care, gynecological care, maternity care, and general preventive care, such as Pap tests and breast exams. There are many local hospitals in the network to provide convenient birthing services for members.
24-hour Consulting Nurse Service
The Consulting Nurse Service is available by phone 24 hours a day, 7 days a week. Kaiser Permanente’s team of experienced registered nurses are specially trained to answer your medical questions, provide care advice, and advise you whether or not you should see a doctor. There is also a doctor on staff working directly with the Consulting Nurse Service. What’s more, if you get your care at Kaiser Permanente medical offices, the Consulting Nurse Service staff has access to portions of your medical history and prescriptions, so they can better advise you on what’s best for your personal situation.

- Call 206-630-2244 or toll-free 1-800-297-6877

Urgent care
An urgent care situation is one that does not pose an immediate, serious health threat, but does require prompt medical attention within 24 hours of its onset. Some conditions that might be urgent are:

- Stomach or abdominal pain.
- Urinary tract infections.
- Cuts that might require stitches.
- Minor injuries such as sprains.
- Respiratory infections.

For urgent care during the day, call your personal physician’s office or the Consulting Nurse Service to get immediate advice. You’ll be directed to the nearest facility, if necessary.

For urgent care after business hours, on weekends, or on holidays, call the Consulting Nurse Service for assistance. You’ll be directed to the nearest facility, if necessary.

If you’re traveling and need urgent care while away, please call the Consulting Nurse Service for assistance regarding your care. By calling before you seek care, we may be able to arrange for you to go to a facility where we have a reciprocal agreement. This may lower your share of the costs.
Emergencies
Emergency medical conditions include those that make you feel you need immediate medical attention to avoid a serious threat to your body or your health. These conditions may include:

- Severe pain.
- Suspected heart attack or stroke.
- Sudden or extended difficulty in breathing.
- Bleeding that will not stop.
- Major burns.
- Seizures.
- Sudden onset of severe headache.
- Suspected poisoning.

If you’re having an emergency, get care immediately. Call 911 or your local emergency number. And if you’re traveling, remember to find out the emergency number for the region where you’re traveling throughout the world, as it’s not always 911.

Also, ambulance service is a covered benefit. Nonemergency ambulance service must be authorized in advance by your personal physician. Check your benefit booklet for details about emergency care and ambulance service.

Hospitalization
As an Options PPO plan member, you can choose any hospital you’d like for emergency care, or any hospital in the U.S. for inpatient or outpatient services. There are some differences in coverage, however, depending on whether you get treated at a preferred or nonpreferred facility.

**If you need emergency care,** go to the nearest hospital to get immediate help; you will be treated at your preferred benefit level. If you are admitted to a nonpreferred hospital, you may elect to be transferred to a preferred facility once you are stabilized for better coordination of care and coverage at your preferred benefit level. You may also choose to remain at the nonpreferred hospital (and not be transferred to a preferred hospital) if you agree to pay for services at your nonpreferred benefit level.
What's covered
Kaiser Foundation Health Plan of Washington Options, Inc. has a list of medications (called a formulary) that are covered through your plan with a cost share. The formulary includes both generic and certain brand-name drugs. In most cases, we cover only medications on the formulary. However, if your personal physician determines that you need a particular medication for certain conditions or a drug that is not on the list, your physician will have the request reviewed to determine if the drug can be covered. To check whether your drug is on the formulary, visit kp.org/wa/formulary. There are different formularies for large groups with a 3-tier, in-network pharmacy benefit versus a 1- or 2-tier benefit. Check your benefit summary or with Human Resources to see which you have.

What's not covered
- Nonprescription or over-the-counter medicines, drugs for cosmetic uses, or travel medications (for motion sickness and/or diarrhea)
- Dental prescriptions (unless prescribed by your provider for a medical condition)
- Drugs used for reasons not approved by the FDA
- Plan-excluded prescription drugs

Filling your prescriptions
You can fill your prescriptions at any pharmacy at Kaiser Permanente medical offices, or at any in-network pharmacy. Check the Provider and Facility Directory at kp.org/wa/provider-directory for a complete list. Or you may have your prescriptions filled at any of OptumRx's national network of pharmacies. To find a pharmacy near you, go to the Provider and Facility Directory on kp.org/wa, or visit OptumRx.org. Most major pharmacy chains are part of the OptumRx network.

If you need a new prescription when your regular pharmacy is closed, you should make every effort to fill the prescription at another preferred pharmacy. If this is not possible, you can fill the prescription at a nonpreferred pharmacy at your expense and submit a claim for reimbursement. Kaiser Foundation Health Plan of Washington Options, Inc. will not reimburse refills or medications for chronic conditions obtained outside of normal business hours when they can be filled during normal business hours.

Depending on the medication you need, prescriptions will be filled for a 90-day or a 30-day supply at one time at Kaiser Permanente pharmacies and at participating contracted pharmacies.

And remember to plan ahead when you travel. Be sure to take enough medicine to cover the duration of your trip. Ask for up to a 90-day supply if you need it. Travel medications (for diarrhea and/or motion sickness) are generally not covered. (Check your benefit booklet for coverage details.)
Getting refills delivered to you
You can have your refills mailed to your home with no shipping or handling fee. Be sure to plan ahead if you use this service. If you get your prescriptions filled at non-Kaiser Permanente Options PPO plan pharmacies, you will need to transfer your prescription into the Kaiser Permanente system in order to get your refills mailed to you. Transferring your prescription is easy—just visit kp.org/wa/pharmacy, where you’ll find the necessary transfer form. Deliveries can take up to 10 days, although in most cases, they arrive sooner. There are several ways to receive your prescription refills at home.

Online
Register with the Kaiser Permanente member website at kp.org/wa and then complete a one-time ID verification process. Once you’re registered, sign on to the Kaiser Permanente member website and order your prescription refill.

Mail or fax
Complete a mail-order refill form (available online at kp.org/wa/forms or request it by phone), then drop it in the mail or fax it to 206-630-7950.

Phone
Call the Kaiser Permanente Mail-Order Pharmacy 24 hours a day to order refills. When you call, have your prescription number (the 11-digit number on the label), your member ID number, and your credit card handy. Call 206-630-7979 or 1-800-245-7979.

Questions?
If your prescription was written by a doctor with Kaiser Permanente in the Options PPO plan network, call your Kaiser Permanente Pharmacy and speak to a staff pharmacist.

If your prescription was written by any other doctor, contact the pharmacy where your prescription was filled.

If you have questions about the formulary, coverage, or drug costs, please call Member Services.
Kaiser Permanente member website
Members have access to a very useful resource: the Kaiser Permanente password-protected member website at kp.org/wa. It’s a personal website that gives you access to online health information, tools, and services that make health care accessible and convenient, 24 hours a day from the comfort of your home or office. In addition, Kaiser Permanente Washington’s mobile app is available for iPhone® and Android™ smartphones.† It includes many features available to you on the Kaiser Permanente member website. Visit kp.org/wa/mobile.

Be assured: the Kaiser Permanente member website is protected. The security of your personal health information is our priority at Kaiser Permanente, both in our medical centers and online. To get started, go to kp.org/wa to set up your account and then get access to all this:

Appointment scheduling*
You can schedule an appointment with your personal physician, specialists, or other members of your health care team. Go online and suggest days and times that are convenient for you; you’ll get a confirmation by the end of the next business day. You can cancel appointments this way, too.

Choose a doctor
Use the online provider directory to get information on primary care and specialty doctors and other health care providers, then choose or change your personal physician online.

Email your doctors
Have a follow-up question for your doctor? Contact your Kaiser Permanente physician, the Consulting Nurse helpline, or other members of your health care team using this secure messaging service. You’ll get a reply in your Kaiser Permanente inbox by the end of the next business day.

Health and wellness resources
Our health information includes in-depth articles, classes, interactive tools, and videos about treatment options. Check out the seasonal topics.

Health coverage
Your summary of benefits and coverage agreement are available online for easy reference. You can check for covered services, track deductibles and out-of-pocket expenses, and you can also check how individual health plan claims were paid by viewing your explanation of benefits statements online.

Online health questionnaire
This easy-to-use health questionnaire is an assessment to help you take better control of your health. After you complete the online questionnaire, you’ll receive a personal report with suggestions on how to improve your health and lower your risk of certain diseases and conditions.

Healthwise® Knowledgebase
Get access to health information on thousands of topics including diseases, conditions, medications, and medical tests at kp.org/wa/kbase.

Online medical record*
Get access to your online medical records including after-visit summaries, lab and test results, a list of your medications, your immunizations and allergies, your current health conditions, and patient discharge instructions from an emergency or urgent care visit at Kaiser Permanente urgent care centers in the Options PPO plan network.

Parental access*
Get access to your child’s online medical record through age 12. And for nonurgent issues, you can email your child’s Kaiser Permanente doctor and request appointments. After you’ve set up your own account at kp.org/wa, fill out the Request for Parental Access form at the business desk in your medical center. Parents need to show a picture ID; other guardians must have documents showing they have legal authority to make health care decisions for a child.

Prescription refills
Order and pay for Kaiser Permanente prescription refills online, view your current medications list, and get access to a database of drug information. You can even refill prescriptions for other members of your family.

Test results*
Whenever you have a lab test, the results are sent to your Kaiser Permanente inbox as soon as they’re available. Clickable links provide information about the test.

Usage status
Get quick access to your annual deductible status, out-of-pocket expenses, and lifetime maximum cost shares for the past two years of membership with Kaiser Foundation Health Plan of Washington Options, Inc. or Kaiser Foundation Health Plan of Washington (previously Group Health Options, Inc. or Group Health Cooperative).

• Consulting Nurse Service
  Get medical advice anytime. Call the Consulting Nurse Service, 24/7.

• Wait times
  See lab and pharmacy wait times at nearby Kaiser Permanente medical offices.

• Locations
  Get a map view of Kaiser Permanente medical offices, plus addresses, phone numbers, and hours.
Access to new treatments
Widespread use of experimental, unproven methods of treatment may lead to unintended negative health outcomes. We have a rigorous process in place to evaluate the effectiveness of experimental treatments. We also require that a new test, technology, or treatment has an established body of scientific evidence that supports it before encouraging patients and doctors to use it. Such treatments are reviewed by medical, legal, administrative, coverage, and member teams.

Advance directives
Under the Patient Self-Determination Act passed by Congress, you have the right to make decisions about your care at the end of life using advance directives. The goal of advance directives is to allow you to make such decisions when you are healthy—not when you are ill and under stress. It also allows you to designate whom you would like to make health care decisions for you if you are unable to. An advance directive is a written document. You should discuss it with your doctor and family members ahead of time. It can be in the form of a living will (Directive to Physicians) or a durable power of attorney. When you sign a living will or durable power of attorney for health care, two people or a Notary Public must witness it. However, you do not need an attorney to prepare it. If you want more information, there is a booklet to help you understand advance directives. For a copy, and the forms that come with it, call the Resource Line at 1-800-992-2279.

Appeals and coverage determinations
Appeals. An appeal is a formal way of asking us to review and change a coverage decision we’ve made. You have the right to appeal any coverage decision. The type of appeal, and time frame for resolution, depends on what is being denied. We’ll tell you how to appeal in the letter we send you explaining our denial decision. We quickly review appeals involving urgently needed care and act as fast as necessary, given the clinical urgency of the condition. Reviews that are clinically urgent will take no longer than 72 hours.

Questions about coverage determinations. You or your doctor can contact Member Services (see back page) for help with questions. We respond to any communications received after normal business hours the next business day. If the communication is received after midnight, Monday through Friday, we’ll respond the same business day.

Change in employment status
To continue coverage if you leave your current employer or lose eligibility under your employer’s medical plan, ask for information about the individual and family plans offered by Kaiser Foundation Health Plan of Washington and Kaiser Foundation Health Plan of Washington Options, Inc. or our Conversion plans. Both offer a variety of options to fit your budget and health care needs. Call Member Services for more information. Your former employer can also provide you with information about COBRA (a temporary continuation of your benefits plan).
Compliments, concerns, and complaints
At Kaiser Foundation Health Plan of Washington Options, Inc., we’re committed to serving you in the most caring and effective way possible. We want to hear your concerns, complaints, compliments, and questions. This will help us provide high-quality care and service to you and your community. We want to know when you are pleased with the care and service you received. We encourage you to contact Member Services or the medical center or hospital where you received care. If you mention a specific person by name, we will be sure to share your compliment with that person and his or her supervisor. We also want to know if you have a concern. Once you contact us, we will respond at the earliest possible opportunity. If there is a time when you are not satisfied with our response, we will provide you with information about our decision-making process and help you take your concern through our formal appeals process. See your benefit booklet for a description of the appeals process.

How to file a claim
You can be reimbursed for covered care received out of network when these steps are followed:

• Download claim forms at kp.org/wa/forms, or ask your employer or Member Services for forms.
• Fill out the form.
• Mail it to the address below, along with an itemized statement from the provider, describing the services received, and valid proof of payment.

Send claims for services to:
Kaiser Permanente Claims Processing
P.O. Box 34585
Seattle, WA 98124-1585

Motor vehicle accidents
If you are involved in a motor vehicle accident, your automobile insurance will be the first insurer in case of an injury.

On-the-job injuries
If you are injured on the job, tell your employer immediately and complete any necessary internal forms. When you first visit your doctor for this injury, tell the medical receptionist that you have a work-related injury. You will need to complete workers’ compensation forms, including a report of the accident. This will help us bill the appropriate insurance carrier.
**Other medical insurance**
If you or anyone in your family is covered by another health insurance plan, we may need to coordinate your benefits with the other plan to be sure your bills are paid promptly and correctly. Please let us know when you or your family member’s coverage changes with the other plan by calling Member Services.

**Provider compensation, incentives, and additional financial information**
You may obtain information about provider compensation or the financial condition of your plan, including a summary of the most recently audited statements, by calling Member Services.

Kaiser Permanente is committed to providing appropriate, comprehensive, coordinated care to members. Our goal is to deliver high quality care in an appropriate setting, at the right time, by the most appropriate clinician. While we don’t cover every kind of treatment or procedure (no health plan does), we never use “gag rules” to prohibit doctors from discussing recognized medical alternatives with their patients. Decisions for applying members’ benefit coverage are based only on the appropriateness of care and service. Kaiser Permanente does not have any financial incentives or penalties that encourage doctors or other clinicians to withhold medically necessary services or issue coverage denials.

Kaiser Permanente does not specifically reward, hire, promote, or terminate doctors or any other individuals for issuing coverage denials for needed care or service.

**Temporary situations**
For coverage information for full-time students, temporary residents, and dependents of split families, please call Member Services.
**PERKS FOR MEMBERS**

**Alternative medicine discounts**
You can access an expanded range of noncovered alternative care services beyond your covered benefit at a discount through Complementary Choices℠, including acupuncture, naturopathy, chiropractic care, massage therapy, yoga, Pilates, tai chi, and personal trainers. Just pay the provider directly at the time of service. Call Member Services for information on providers that participate in this program or go online to [kp.org/wa/provider-directory](http://kp.org/wa/provider-directory) to see a list of alternative care providers.

**Fitness center and weight loss program discounts**
This special resource gives you access to numerous affordable options to get fit and have fun.
